Mr. Edwin Walter

Volk Field Air National Guard Base

Following a more than 30 year career, Mr. Walter continues to exceed expectations. His achievements are recognized not only by his immediate supervisor, base personnel, and ANG leadership, but also commercial vendors. Telkonet SmartEnergy published a news release on the lodging project that he directly facilitated. Mr. Walter's dedication and commitment to energy conservation is evident by helping Volk Field achieve a 31% energy reduction which exceeded the FY2015 goal for federal buildings mandated within the Energy Independence and Security Act of 2007.
