

Powering Possibility

WATER

Conservation Tips

1. Take a shower instead of a bath. Baths can use up to 70 gallons of water.

2. Turn off the water when brushing your teeth. You can save up to 3 gallons of water each day.

3. Sweep the driveway rather than turning on a hose to wash it down. You can save up to 150 gallons of water.

4. Wash full loads when using the dishwasher and washing machines. It can save 15 to 50 gallons per load.

5. Drop tissues in the trash instead of flushing them down the toilet.
